Cookies

DEVSOFT may use cookies for technical purposes so as to improve the WEBSITE experience or to make use of persistent cookies to remember you between visits to the WEBSITES. You can disable Cookies by modifying the appropriate settings within your web browser. These cookies are not required for site functionality.

Google Analytics

We use a tool called “Google Analytics” to collect information about the use of the WEBSITE. Google Analytics collects information such as how often users visit this site, what pages they visit when they do so, and what other sites they used prior to coming to this site. We use the information we get from Google Analytics only to improve this WEBSITE. Google Analytics collects only the IP address assigned to you on the date you visit this site, rather than your name or other identifying information. We do not combine the information collected through the use of Google Analytics with personally identifiable information. Although Google Analytics plants a permanent cookie on your web browser to identify you as a unique user the next time you visit this site, the cookie cannot be used by anyone but Google. Google’s ability to use and share information collected by Google Analytics about your visits to this site is restricted by the Google Analytics Terms of Use (<http://www.google.com/analytics/terms/us.html>) and the Google Privacy Policy (<http://www.google.com/policies/privacy/>). You can prevent Google Analytics from recognizing you on return visits to this site by disabling cookies on your browser.

Logify

WEBSITES uses error monitoring software called “Logify”. Logify collects information such as user IP address, error message and current URL, which we use to improve the WEBSITE. The service doesn’t collect your name or other personally identifiable information, unless it appears in the body of error messages, which may depend on the way you design the application. For more information on the information collected by this service, please refer to the Logify Terms of Service.

Online Advertising

DEVSOFT uses 3rd party vendor re-marketing tracking cookies, including the Google AdWords tracking cookie. This means we will continue to show ads to you across the internet, specifically on the Google Content Network (GCN). As always, we respect your privacy and are not collecting any identifiable information through the use of Google’s or any other 3rd party re-marketing system.

Third party vendors, including Google, use cookies to serve ads based on your prior visits to the WEBSITE. This allows us to make special offers and continue to market our services to those who have shown interest in WEBSITES.

If you do not wish to participate in our Google AdWords Re-marketing, you can opt out by visiting Google's Ads Preferences Manager. You can also opt out of any third-party vendors' use of cookies by visiting www.networkadvertising.org/choices/.
